POWER SUPPLY

This calculator comes with a dual power source. The duration of alkaline battery depends entirely on individual individual usage.

(NOTE: Do not attempt to changed the battery by yourself. Have a Canon Service Center changed the battery for you.)

■ Electromagnetic interference or electrostatic discharge may cause the display to malfunction or the contents of the memory to be lost or altered. Should this occur, press the ON/CA key and re-start your calculation from the beginning.

USING THE MEMORY

This calculator has two versatile memories that will accumulate or deduct results automatically either with $\text{M}\pm$ or $\text{M}\pm$ in the first memory. Alternatively, either with $\text{M}\pm$ or $\text{M}\pm$ for the second memory.
