Decimal point selection

POWER SUPPLY

This calculator comes with a dual power source. Generally, under normal room lighting, the calculator is powered by a built-in solar cell. When the light level drops below a certain point, it will automatically switch over to battery power. The lithium battery is long lasting, however the battery life will depend on usage. When the battery is exhausted, you can still use the solar cell to power the calculator.

(Note: Do not attempt to change the battery. Please have a Canon Service Center technician change the battery.)

- Electromagnetic interference or electrostatic discharge may cause the display to malfunction or the contents of the memory to be lost or altered. Should this occur, use the tip of a ball point pen (or similar sharp object) to press the [RESET] button on the back of the calculator and re-start your calculation from the beginning.

CALCULATING WITH DECIMALS

DEC Decimal Point Selector Key -- Used for designating the decimal point position for calculation result. Each time **DEC** is pressed, the decimal point indicator will be shifted between 0 2 3 A. Floating calculation are performed when there is no indicator on LCD display.

A (Add-mode) -- Addition and subtraction are performed with an automatic 2-digit decimal. It is convenient for currency calculation.

5/4 Rounding Key -- Used for rounding the result to a pre-selected number of decimals. The round-down function are performed when there is no indicator on LCD display.

OVERFLOW FUNCTIONS

In the following case, "E" will be shown on the display. The keyboard is electronically locked, and further operation is impossible. Press to clear the overflow. The overflow occurs when:

- The result or memory contents exceeds 12 digits to the left of the decimal point.
- Dividing by "0".

SPECIFICATION

Power Source: Please refer to the product backside.

Automatic power-off function: Approx. 7 minutes

Usable Temperature: 0°C to 40°C (32°F to 104°F)

Dimensions: 140mm (L) x 105mm (W) x 32mm (H) / 5-33/64" (L) x 4-9/64" (W) x 1-17/64" (H)

Weight: 124 g (4.37 oz)

(Subject to change without notices)
